

## Noida metro chalks out restart plan: Face masks, Aarogya Setu app, must for passengers

In this regard, the NMRC is taking required steps at all its stations and inside the trains to ensure that all passengers on the Noida Line follow the guidelines laid down by the Centre for prevention of the COVID-19 infection.

The main objective of the NMRC is to provide essential facilities to the passengers and take all the necessary measures and precautions to safeguard against the spread of COVID-19.

### The measures taken by NMRC are enumerated below:

#### A. Operations and frequency

- Initially, for a few days, 20 minute frequency of trains will be maintained throughout the week (Monday to Sunday).
- The trend of the ridership will be analysed and any change due to demand, if required, necessary changes the service will be introduced accordingly.
- Stations falling in containment zones shall remain closed and trains will not stop at these stations. Such changes to be informed to the concerned stations, concerned management and updating the NMRC vehicle and applications.

#### B. Cleaning and sanitisation of trains and stations

- Intensive cleaning and sanitisation of stations areas and the trains as a whole including public area, operational rooms, toilets, grab handles, ticket counters, turnstiles, platform edges, hand railings, platform glasses etc. will be carried out at night during non-service hours and after each round trip of a train at the Depot stations. Regular cleaning and sanitisation of the trains will be carried out at least once every day during the lockdown period and the same practice will continue after the re-commencement of operations.
- Passenger touch points such as ticket counters, ATMs, POC machines, Handicrafts kiosks & kiosks, POS machines etc. at stations will be sanitised at an interval of every two hours daily.

#### C. Passenger screening and other guidelines to be followed at the stations

- To prevent the entry of non-compliant passengers NMRC will have to fulfil the following conditions:
  - \* Only the passengers with face mask correctly will be allowed.
  - \* Every passenger will be screened by Thermal scanner.
  - \* The starting temperature for travel passengers will be at 37.7 degree centigrade.
  - \* Passengers having "Aarogya Setu" app with auto status will only be allowed.
- \* Persons entering NMRC premises will have to apply hand sanitiser which will be made available after screening of the person.
2. A passenger screening team will be at concession level before ticketing counter to check all the above guidelines for the passengers as being complied.

- Only at expert requirement cases, masks will be made available at the stations.
- Screeners will be provided to passengers at the concession level, at the ticket counter and at the T2T after use of the T2T machine. Availability of soap solution will be ensured at the workstations. Staff and passengers will be encouraged to wash their hands frequently.

- To ensure safe distance between passengers, NMRC will ensure that a queue is maintained by providing markers like in the queuing, at frisking zone, TCM counters, Platforms and inside the train.
- Conductor should maintain at least 1m gap between the ATC issued smart card / Offboard to avoid touching the tokens or card at the ATC gate.

- On resolution, a gap of at least two steps should be maintained between two cars.

- Generally, ATC will be issued 100% however, in case of request the station master or a privately chartered passengers, the ATC will be made available. Masters of stations should use the ATC or ATC, passengers should stand facing the valid pass of the ATC present.

5. To ensure safe distance between passengers, NMRC will ensure that a queue is maintained by providing markers like in the queuing, at frisking zone, TCM counters, Platforms and inside the train.

6. Conductor should maintain at least 1m gap between the ATC issued smart card / Offboard to avoid touching the tokens or card at the ATC gate.

7. On resolution, a gap of at least two steps should be maintained between two cars.

8. Generally, ATC will be issued 100% however, in case of request the station master or a privately chartered passengers, the ATC will be made available. Masters of stations should use the ATC or ATC, passengers should stand facing the valid pass of the ATC present.

9. In case of doubt regarding any passenger having severe infectious symptoms, the suspected person will be allowed entry at station premises and they will be given proper instructions for seeking further medical help.

10. To handle a suspected passenger or baggage, two Personal Protective Equipment (PPE) suit of each station will be made available for the concerned staff deployed at the station.

#### D. Guidelines for travelling inside the trains

1. Passengers should not sit on the unlabelled seats.
2. If required to travel in standing, the adequate distance by way of standing opportunity vacant seats to be vacated.
3. Instructions will be displayed at the Platforms to allow to board the passengers to maintain the required distance from the train maintaining adequate distance as displayed.
4. The crowd inside the train, as well as the station platforms, will be monitored through CCTV from OCC or Controller's Office or special ATC. If any passenger is found to be sitting at the station will be notified through the screening team.
5. In case of emergency, major or minor, having more crowd than the capacity of the train, the concerned station will inform the NMRC Operator and the station by Station Controller.
6. Sufficient number of security personnel with their respective staff shall be deployed at every station to ensure peaceful social distancing and to maintain the required distance.
7. Passengers will be advised regularly to return from travelling any surface inside the metro stations in time.

#### E. Entry and exit at stations

1. At the stations having less berths and not requiring the facility to create an atmosphere ready for boarding and alighting, the ATC will give the ATC issued smart card / Offboard to the passengers.
